PD (3-1) 1 Gee's **Watercroft Duty Calls**, quality raw baby, pleasing head, good width for age, well set ears, good expression. Well made through forehead and sound on the move; 2 Stevenson's **Capps Smart Excuse by Brickin**, another quality raw baby, very little to choose between these but lost to one today as not as settled in front movement.

JD (3-1) 1 Smith's **Javidel Despicable May**, well balanced and easy on the eye. Mature for age. Good breadth of head without coarseness, pleasing eye and breed expression. Compact body well ribbed up. Moves soundly and with purpose, **RBD**; 2 Philip's **Nordalset Festivities**, balanced proportions and moved soundly. Good breadth to skull, a touch bold in eye and would benefit from greater length of ribbing.

PGD (3) 1 Gee's **Watercroft To Coin A Phrase**, young raw male. Pleasing head and expression. Good through front assembly, moved soundly and with personality; 2 Walker's **Roxypark Springtime**, well boned male, not in his best coat today. Good dentition and strength through head. Sound moving albeit a little reluctant; 3 Baumbach's **Wederdena's Harry Beau**.

OD (3-1) 1 Gee's **Ch Watercroft Calling Time**, quality mature male of good breed type. Well made and balanced. Pleasing head, showy personality, sound moving and well presented, **BD**; 2 Stevenson's **Brickin Quite By Chance**.

SBD (2) 1 Walker's **Hedgefield Brucey Baby**, well boned make of a good size. Not in best coat today. Good strength to head, pleasing expression, good dentition. Forward temperament moved soundly and with personality; 2 Baumbach's **Wederdena's Harry Beau**, well balanced with a pleasing head and expression, however not at one with handler today, lacking confidence in the ring.

PB (8-5) 1 Hurriion's **Villassa Sea Of Dreams**, quality bitch well made and balanced throughout. Good bone without being masculine. Pleasing head and expression. Compact and well ribbed. In good coat, well-muscled and conditioned. Moved soundly and with purpose. **RBB, BP**. Congratulations on **PG2**; 2 Gee's **Watercroft On The Q'Tee**, another quality bitch of good breed type. Very little to separate from 1st, just preferred the strength and movement of 1 in rear on day; 3 Cooper's **Settrenda My Kinda Girl**.

JB (3-1) 1 Hurriion's **Villassa All About Me**, well presented and conditioned bitch, pleasing head and eye. Could be a shade shorter but easy on the eye, moved soundly with purpose; 2 Cooper's **Settrenda My Kinda Girl**, balanced through body, not cooperating fully with handler today. Would prefer a stronger head and a size bigger to be in balance with body. Forward personality evident.

PGB (4-2) 1 Macartney's **Ivrig First Bit Of Joy**, mature well balanced bitch with good bone without being masculine. Good front assembly, excellent body and ribbing, good strength through quarters. Pleasing expression; 2 Philip's **Nordalset Warm And Fuzzy**, well trimmed and presented feminine bitch. Not the front or body of 1st.

OB (1) 1 Gee's **Ch Watercroft Pink Fizz**, quality bitch in full bloom. In top order trim and conditioning wise. Well boned feminine bitch. Pleasing head and expression, good fill and strength below the eye and through jaw. Good dentition. Well ribbed, maintains topline and outline on the move. Stands covering a lot of ground. Good strength through quarters. Pleasing breed type. Moved soundly and with purpose. Very pleased to see she made the shortlist in Group, **BB & BOB**.

A lovely quality entry, I had quite a few challenging decisions to make, splitting hairs between winners. Overall, I thought type & size was fairly even but totally sound construction a rarity. Teeth were generally good with no poor bites to be concerned about. Short stuffy necks & steep shoulders are still rather common & thus there were quite a few whose front legs paddled about wasting energy & flapping their feet rather than striding efficiently forward. Hind quarters were generally good with strong rear drive, but the poor fronts couldn't cope & movement became uncoordinated. All had nice happy temperaments though some were typically stubborn & tried the patience of their handlers! I was delighted with my top winners & the b&t pair made a delightful picture (I wish I had a photo!) in BOB competition, both in outstanding coat & condition, moving perfectly around the ring, either would have been a good representative in the BIS group. I was very happy to see my very sound & stylish BP win reserve RBPIS, he moved & showed perfectly in the big ring.

SBD/B (4-1) An extremely challenging class to begin with! May I make a plea to Ch shows not to schedule mixed sex breed classes & to put SB after OD.

1 Hadfield's **Belleville Born To Be Free**, 12mths red dog of very good type & soundly constructed especially in hindquarters with good angulation & drive. Head of correct shape & proportions, bright eyed alert expression. Good bone; ok in front, neck & shoulders; level topline, deep well ribbed body & short enough in back. His good breed type & better movement won him the class & he looked the part – a most attractive, promising youngster, presented & handled very well; 2 Macartney's **Nordalset Little Bit Of Sun for Ivrig**, mature 6½ yr old b/t bitch showing happily & steadily. Head quite balanced though could be stronger throughout it is of correct length proportions of muzzle to skull with enough stop. Ok in forequarter construction though a bit

more neck & better shoulder placement needed for improved stride. Excellent hindquarters giving good drive but movement a bit unbalanced between front & rear. Well made body with good ribs & topline, but could be shorter in back. Experience & steadiness gained her place over baby pup! 3 Simpson's **Brickin Wish Me Luck at Megalex**, 8mths red dog, happy little soul who gained in confidence & showmanship over time. Neat movement, quite well balanced & proportioned throughout but has loads of developing & maturing to do, very typical of his age. Head shows promise being of quite good proportions. Very good coat.

MPD 3 promising babies

(1) 1 Jenkins' **Kinsridge Culture Club**, 6 months with best overall breed type which together with more coordinated movement won him the class. Excellent head of good proportions & alert expression. Could do with a bit more neck & shoulder layback, needs to strengthen in front but has good bone. Short level back with good body proportions & ribcage length for age. Hindquarter correct with well bent stifles & good drive. Good quality coat just coming through; 2 Smith's **Javidel Mayde To Order**, also 6 months in slightly more coat than 1 but less overall balance. Finer head, lacking in stop but of correct length proportions. Similar faults in front construction, & less bone. Short level back & good length of ribs. Well angulated hindquarters & low set hocks. Needs to strengthen in both front & rear movement, but very much a baby & likely to improve as he matures; 3 Simpson's **Brickin Wish Me Luck at Megalex**.

PD (3) A very different class – what a difference 4-5 months can make! 4 lovely chaps raring to go though number 4 dug his toes it!

1 Thompson-Morgan's **Belleville Just A Minute**, 10½ months super stylish red showman pushing the

top winners hard! Won on total balance, collected movement & size. Very good head, broad skull of correct length proportions to strong muzzle. Ok in neck & shoulders, straight front with firm bone. Short level back, good length & depth of ribs. Strong well bent stifles & low hocks, good driving action coordinating well with front strides. Presented in excellent coat & condition & has a great tail! **BP & RBPIS**; 2 Stevenson's **Capps Smart Excuse by Brickin**, another of good quality & same age but bigger looking, he has a better length of neck, & shoulder layback the best in the class. However his overall performance let him down being less settled & coordinated in movement. Excellent head shape & proportions with good strong muzzle. Very good bone & substance, deep well ribbed body & short level back, coat of good texture. A very close decision; 3 Gee's **Watercroft To Coin A Phrase**; Res Newton's **Strathinver Time To Star**.

JD (5) Another nice class, good quality dogs of different types & sizes, some difficult decisions especially between 1 & 2

1 Atkinson's **Moortop My Mark Again**, very pleasing 17 months of correct size, excellent type, soundly constructed & presented in very good coat & condition, he shows himself off on his toes all the time & moved tidily with good front stride & rear drive. Head fits the standard, broad skull & good strong muzzle; quite good shoulders & better length of neck than the others; ok in front with good bone; short back, compact deep body & good length ribcage; well bent strong hindlegs & low hocks, Appealed to me a lot & definitely of CC quality; 2 Thompson-Morgan's **Belleville Crumble Topping**, very attractive 16 months of lovely type though a size larger & not quite so well put together or balanced as winner. Very good head with nice broad shape skull & muzzle of correct length proportions & typical alert expression. Firmer in front legs with good bone, but not quite such good neck & shoulders, otherwise very close. Eye-catching showman perfectly presented, moved with good rear drive from very well constructed hindquarters but a bit unsteady & uncoordinated with front action until he settled down a bit. Quality dog full of promise; 3 Philip's **Nordalset Festivities**, 15½ months of similar size & type to 1st, neat compact & well proportioned throughout with good sound construction. Typical head of good proportions though has some maturing to do, alert expression from small bright eyes. Movement good in rear but front not quite such good stride as above or as balanced overall. Very appealing & promising little chap,

happy showman; Res Hadfield's **Belleville Born To Be Free**; VHC Gee's **Watercroft Duty Calls**.

ND (2) 1 Hadfield's **Belleville Born To Be Free**.

PGD (3-1) Very tricky as preferred 2 but was just not cooperating!

1 McPhee's **Kinsridge No Problem at Foxhouse**, rather large but soundly constructed 2 year old red, very stylish & moved soundly & freely with good coordination between front & rear. Beautiful head, nice broad curved skull & shorter muzzle, but would prefer darker eyes. Quite well boned front legs though could be firmer in feet. Level topline & good deep body though could be a bit longer in ribs. Super strong hindquarters well bent & muscled stifles & low set hocks driving him along. Presented in excellent coat & condition; 2 Newton's **Strathinver Star Of Fortune**, similar age light red lovely size & type, well constructed throughout, very pleasing to go over. Super head of correct shape & muzzle in proportion, most attractive expression from small dark eyes. Good bone, straight front & quite good in neck & shoulders. Short back, deep body & better length ribcage. Nice strong well angulated hindquarters. Overall looks very neat compact, but impossible to assess movement as refused to cooperate at all! This plus his much less well groomed coat lost him the class.

LD (6-1) Excellent class!

1 Karvo & Seiloo's **Blakens Look The Part**, very aptly named super attractive b/t just over 2 years old really ready in top class coat, condition & presentation. As soon as I saw him, I'm afraid that none of the other males stood a chance, excellent though several of them are! Gorgeous head & expression fits the standard description perfectly; better length neck than most & shoulders correctly laid back. Firm straight front legs striding out well in perfect unison with strong driving well angulated hindquarters propelling him soundly round the ring keeping a level topline. Short back, deep long ribcage, nice cobby body. Very stylish showman of correct size, type & balance, completed with a perfectly carried tail! **CC & BOB**; 2 Thompson-Morgan's **Belleville Major Key**, 17months red a shade bigger but very very nice quality & type. Excellent head, broad curved skull, good stop, strong muzzle of correct length proportion skull. Not quite so good in neck & shoulders as 1 but good straight front legs; short back & deep cobby body, compact overall shape. Equally good hindquarters as 1 & very balanced

mover once he had settled. In top quality harsh coat presentation in super condition. Pushed the winner hard but I followed my heart! Easily won **RCC** over his opposition; 3 Hess & Higgins' **Umbrage Copacabana**, very nice quality little dog, short & compact, soundly constructed. Good head of correct shape & proportions. Nice cobby well ribbed body completed with well carried tail! Not quite so firm or well boned in front as above but looked good in the line up moving sound & true. Pushed hard by 4th place but was overall more balanced & coordinated on the move; Res Smith's **Javidel Despicable May**; VHC Walshe's **Beritas The Name's Bond**.

OD (2) Good quality pair – preferred head, eyes & expression of 1st & appeared more balanced.

1 Gee's **Ch Watercroft Calling Time**, eyecatching mature 2 year old of excellent type & size. Very appealing head, broad skull, good stop, strong muzzle of correct length in proportion to skull. Not quite as good in neck & shoulders as top winners, lovely strong bone but front could be firmer. Short level back, deep body. Well angulated stifles & low set hocks giving good drive, looking good in profile; 2 Hurrion & Standen's **Villassa Jack Be Quick**, showy dog in good coat & condition, neat & compact, shade smaller than above. Head of good strength in skull & shorter muzzle, but not such a typical expression as eyes could be more oval & smaller though they're very dark. Lacks length of neck & shoulder lay back, ok in front legs though could be bit firmer. Short level back, deep body with good length ribcage; quite well bent hind legs & good rear drive, but movement a bit uncoordinated.

VD/B (2-1) 1 Hurrion's **Ch Valentines Cherry Crumble**, I've always loved this happy little showgirl & have judged her a few times including awarding **RCC** as a youngster & her 2nd **CC**! Never seems to fail to perform with enthusiasm & joy & still has perfect teeth despite the one lost as a youngster in 'fair wear & tear'! 11 years old, eyecatching & stylish of very good breed type, moving exceedingly well with reach & drive, front & rear in perfect unison, & balance, unlike many of the entry today. Correctly proportioned head sweet expression, small dark eyes of correct shape. Quite good angulations front & rear with enough bone for size. Short & cobby with good length ribs. Eyecatching lovely girl who knows exactly what to do! **BV**. What a shame there was no Veteran group competition.

MPB (2-1) 1 Smith's **Javidel Mayde To Measure**, 6 months dark red & very much a baby with lots of developing to do but in good coat & shows promise for age. Pretty little head of totally correct proportions & sweet expression from small dark eyes. Needs a bit more angulation front & rear, front legs need to firm & could do with a bit more bone. Level topline & natural dock. Showed & moved very well, bright alert & happy!

PB (4) 4 very nice quality pups of 9½ - 10½ months, full of promise.

1 Thompson-Morgan's **Belleville Just So**, beautifully balanced 10½ month litter sister to BP. Soundly constructed front & rear with correct angulations in shoulders & stifles producing free flowing movement, a pleasure to watch. Head correct for age, nicely shaped skull, deep stop & proportionately shorter muzzle of good strength. Large deep ribcage with enough length, short level back. Eye catching youngster with excellent bone & bright dark eyed expression; 2 Tate's **Jaeva Peppermint**, very striking b/t showgirl in excellent coat & condition, movement soundly coordinated between front & rear with good reach & drive. Head a bit different to above, needs more time to mature in skull but good stop & muzzle of correct length & strength, eyes & expression not quite so appealing as 1. Ok in neck & shoulders & nice straight front legs with good bone. Short back, level topline, nice tail! Well bent hindlegs with low set hocks giving correct sound action. I liked her a lot but winner more ready & is more cobby & compact; 3 Gee's **Watercroft Coin Of The Realm**, very close up decision, attractive pup with lots to like but more development still to do. Excellent overall breed type, short & compact, but not quite as well constructed in front as above. Nicely angulated hindquarters & neat tidy mover, quite well balanced, though not as much stride as winners. Immature head of good proportions & shape, happy little showgirl; Res Hurrion's **Villassa Sea Of Dreams**.

JB (3) Three lovely juniors very hard to choose between, each at a different stage of development.

1 Phillips' **Just The One at Blakens**, 14 months, smartest looking, showed & moved with neat, tidy coordination, keeping a good topline. Nice head of good length proportions of muzzle to skull & good stop, has some maturing to do but sweet expression. Well made in front, straight legs, good shoulder layback with forward stride that coped well with the excellently angulated hindquarters & drive. Short back, firm compact cobby body with deep enough

ribcage. Good texture coat & immaculate presentation; 2 Stevenson's **Brickin Devine Tilly**, 17 months b/t whom I really liked & excelled everywhere, just losing out on coat presentation today – tough decision I'm afraid! She is lovely to go over, having the correct length neck & layback of shoulders, nice straight well boned front legs, short level back, deep long ribcage, well bent & muscled hindlegs, moved with good reach & drive looking well balanced; 3 Hurrion's **Villassa All About Me**, 15 months & lots to like about her very close up to above two. Pretty little girl, really short & showy, moved with good stride fore & aft. Front construction quite good though would prefer a shade more neck, good body for age & level topline. A little bit finer overall & in bone than above. Head of good proportions, dark eyes but not quite such correct oval shape.

NB (1) 1 Hess & Higgins' **Umbrage Up All Night**, very nice type though appears a shade long overall. Typical expression from small dark eyes, head is quite well shaped & proportioned. Presented in excellent coat & showed well though was distracted on the move & thus a bit erratic & less well coordinated. Quite good front angulation & neck, with good bone & straight legs. In profile she looked more balanced with enough front stride & very good rear drive from well bent hindlegs. Firm body & ribs, level topline completed with excellent tail carriage!

PGB (3) A very tricky class to judge, lacking merit. 1 Darnell's **Jacquidon Rags To Riches**, presented in very good coat & condition, showed & moved well, better coordination & balance won her first place. Correct head of good proportions, broad enough curved skull, deep stop & shorter strong muzzle, typical expression. Slightly better neck & shoulders than others, front legs ok though needs more bone & feet could be firmer. Short level topline & deep cobby body with good length ribs, excellent hindquarters with good angulation. Quite attractive & typical overall; 2 Philip's **Nordalset Warm And Fuzzy**, difficult to split 2 & 3 as in some ways I preferred the other but this one is more balanced & 'together' overall. Shorter, more compact & typey, but needs more neck & shoulders are rather steep. Deep cobby body, good rib length. Neat head of good proportions, nice small dark eye, typical expression. Strong well bent stifles & low set hocks, moved quite well with good drive, but some incoordination between front & rear. Presented in thick coat of good texture, attractive showy little character!; 3 Macartney's **Irvig First Bit Of Joy**, a

bit bigger & more bone with nice head stronger than above, pleasing expression. A bit unbalanced overall & rather sloppy, & tendency to roll on the move. Similar front construction to 2nd but has a bit more neck. Nice body with good ribs, but could be a bit shorter in back. Movement not as good as 1&2 but happy temperament & willing showgirl with correct texture coat.

LB (6-1) Mixed quality class, 1st was an easy & outstanding winner!

1 Thompson-Morgan's **Belleville In The Black**, super b/t of most stroking appearance, I completely fell for her! – she's so sound & typical. Very pleasing head that fits the standard, broad curved skull, deep stop & shortish strong muzzle all in proportion, dark eyes which for perfection could be a bit more oval in shape. Front legs straight & well boned, better length neck than most & shoulders quite well laid back. Short back, deep body with good length ribcage, very well angulated stifles & low set hocks giving good driving action, moving beautifully with good balance between front & rear, covering the ground well & keeping a good level topline. Presented in excellent condition with shining coat of correct texture. Lovely quality bitch, delighted to award her the **CC**; 2 Brackner's **Bruperhat Wedding Crasher**, very eye-catching attractive showgirl, in good texture coat & presentation. Good head of correct shape & proportions, very typical expression; decent length of neck & ok in shoulders & front but less bone than winner. Level topline, good depth & length of ribs, nicely angulated hindquarters & low set hocks. Good driving action in profile but from the rear a bit untidy, not quite in balance with front action; 3 Hurrion's **Villassa Cherry Stars**, pretty little girl, bit finer throughout than winners & coat not quite so good. Well balanced, sound & typical with attractive head & expression. Fairly well made in front construction & nicely angulated hindquarters, moved soundly covering the ground well keeping a level topline. Short back & well ribbed body; Res Macartney's **Nordalset Little Bit Of Sun for Ivrig**; VHC Jenkins' **Kinsridge Chitchat**.

OB (3) Very close hair splitting decision between 1&2 – they're similar in many ways!

1 Gee's **Ch Watercroft Pink Fizz**, extremely typical cobby show girl who knows she's a star & has some inner charisma & twinkle in her eyes which stole her the class from 2nd placed & pushed the CC winner very hard! Beautiful head with broad skull, deep stop & shortish muzzle, lovely expression from

small dark oval shaped eyes. Enough neck length & shoulder layback to stride out well in front. Short level back, good depth & length of ribs, well muscled & angulated hindlegs with low hocks; firm driving action following forelegs with good coordination. Presented in perfect coat & condition. **RCC**; 2 Phillips' **Ch Blakens Look No Further**, another little beauty of equally outstanding merit! Gorgeous head & expression, dark eyes though would prefer a bit more oval shaped; broad skull with deep stop, perhaps a shade short in muzzle but it has enough depth. Good neck & better shoulders than above, nice straight front legs though has a touch less bone. Short back & cobby body with good ribs. Excellent hindquarters, free driving movement & striding out well in front. Super coat quality & condition, sparkling showgirl. I agonised over which of these two to place first & could have stood there all day changing them around – I wished I had more certificates to award!; 3 Darnell's **Jacquidon Nip And Tuck**, sweet little b/t, very sound & moving well. A bit finer boned than winners & rather outshone today by their star quality, but she is of good breed type. Nicely shaped & balanced head, alert bright expression. Quite well made front & rear giving good stride & drive, sound & true, showed well.

I would like to thank the committee for inviting me to judge and congratulate them on coping under very difficult conditions. I had a very enjoyable experience and would also like to thank all my exhibitors for a wonderful entry.

VD (0)

PD (5) 1 Gee's **Watercroft To Coin A Phrase**, a 10 month old red, showing excellent overall type, small and compact, head of the correct proportions, ears well-carried, dark eyes and the correct bite. Neck of the correct length level back, with nicely angulated front and rear quarters, shoulders well-laid back and coat of the correct texture and tail carried correctly, he moved sound and true, **BP**; 2 Thompson-Morgan's **Belleville Just A Minute**, an 11 month old with a typical outline for the breed, small and compact, level back, correct length of neck, broad skull, well set ears, strong muzzle, dark eyes and the correct bite, I would have preferred more lay back of shoulder blade. He moved soundly being true coming and going; 3 Jenkins' **Kinsridge Culture Club**; Res Stevenson's **Capps Smart Excuse by Brickin**; VHC Hamar's **Zeals Mist of Lagden Farm**.

JD (2) 1 Atkinson's **Moortop Mymark Again**, an almost 18 months old red dog, compact and strong, well balanced throughout, strong head proportions, dark eyes and the correct bite with a strong muzzle. Looked more mature and had better overall balance than the second placed dog with stronger and more angulated rear quarters, he moved steadily being true coming and going, coat of the correct texture; 2 Philip's **Nordalset Festivities**, a 16 month old, red dog, coat of the correct texture, not the substance or the overall balance of the first placed dog, head of the correct proportions, broad skull and a strong muzzle, dark eyes and the correct bite. Level back and correct tail set, he moved soundly with reach and drive.

YD (2) 1 Thompson-Morgan's **Belleville Crumble**

Topping, a 16 month old red, he had an upsetting encounter before entering the ring so was a little unsettled but is a very typical dog, balanced and in proportion, neck of the correct length well laid shoulders and upper arm, level back and the correct tail set. Head of the correct proportions broad skull, well-set ears, dark eyes and a strong muzzle with the correct bite and dentition. He has a hard wiry coat texture and was well presented, although unsettled his movement was sound and true, a very promising youngster; 2 Davies' **Lagdenfarm Fidget Pie**, a 23 month old red, not as compact as the first placed dog and carrying a little too much weight today, coat not in the best condition. Head of the correct proportions, broad skull, ears well carried, correct length of muzzle, dark eyes and the correct bite. Level back and tail well set-on, a little high on the leg, he moved soundly.

PGD (2-1) 1 Nash's **Ralph of House Nash**, a 4 year old black and tan, head and muzzle of the correct proportions, dark eyes and the correct bite and dentition. Neck of the correct length, level back, well sprung ribcage and coat of the correct texture. Not as low to the ground as I would like and this upset his overall balance, he moved true coming and going.

LD (6) 1 Smith's **Javidel Despicable May**, a 21 month old red, showing excellent breed type, small compact and low, head of the correct proportions, well set ears and a strong muzzle, dark eyes and the correct bite. Coat of the correct texture and well-presented, level back and tail well set-on, strong rear quarters, his movement was a little unsettled but was sound and true; 2 Hess & Higgins' **Umbrage Copacabana**, a 2-½ year old red, small and compact, level back, head of the correct proportions, dark eyes and the correct bite. Correct coat texture, correct feet and he moved soundly showing reach and drive; 3 Walshe's **Beritas The Name's Bond**; Res Karvo & Seiloo's **Blakens Look The Part**; VHC Ward's **Gordens Boy**.

Key, an 18-month-old red and he meets the standard in every way, small, compact and low, head masculine and of the correct proportions, lovely dark eye of the correct shape, strong muzzle of the correct length, correct bite. Medium length of neck, well laid shoulders and upper arms, deep well sprung ribcage, level back, tail set on correctly and well carried, coat of the correct texture. Strong rear quarters, feet correct and he impressed me with his movement, which was sound and true showing reach and drive in profile, **CC & BOB**. Pleased to award him a well deserved **BOB** and to later find out that this was his third **CC**; 2 Gee's **Ch Watercroft Calling Time**, at just over 2 yrs old, a red of good quality, again small low and compact, coat in excellent condition of the correct texture, head of the correct proportions, dark eyes and the correct bite, ears of the correct size and well carried. Neck well set on and of the correct length, level back deep chest and a well sprung ribcage, short strong loin and well-angulated front and rear quarters. He was sound in movement and true coming and going, I just preferred the movement and overall masculinity of the first placed dog, **RCC**; 3 Lloyd's **Orison Ice Tee**.

SBD (2-1) 1 Lloyd's **Orison Ice Tee**, a A2 year old red dog, head of the correct proportions, dark eyes and the correct bite, ears well set on and correct length of neck, coat of the correct texture, level back, unfortunately he was moving wide in front when coming on.

SBB (1) 1 Macartney's **Nordalset Little Bit Of Sun for Ivrig**, a 6 ½ year old Black and Tan, strong but feminine, well boned, low and compact, level back, well set on tail, coat of the correct texture, nicely angulated front and rear quarters, and she moved soundly, **BSpBeg**.

VB (0)

PB (6-3) 1 Tate's **Jaeva Peppermint**, a 9-month-old Black and Tan, excellent type, small low and compact, balanced throughout, head of the correct proportions, ears well set on and dark eyes, correct bite and length of muzzle. Medium length of neck, level back well-laid shoulders, deep chest and a well-sprung ribcage with a short loin. She moved a little erratically but was sound and true, a promising youngster; 2 Thompson-Morgan's **Belleville Just So**, a 22 month old, a little longer cast than the first placed bitch but good type overall. Head of the correct proportions dark eyes, strong muzzle and the correct bite. Well laid shoulders, deep chest and a strong

loin, coat of the correct texture and she moved soundly; 3 Smith's **Javidel Mayde To Measure**.

JB (4-3) 1 Phillips' **Just The One at Blakens**, a 14 month old red, head of the correct proportions, dark eyes and the correct bite, coat of the correct texture. Neck of the correct length and a level back, I would have preferred a little more bend of stifle, deep chest and well sprung ribs, she moved steadily being sound and true.

YB (3-1) 1 Philip's **Nordalset Warm And Fuzzy**, a 20 month old red, small and compact, head of the correct proportions, dark eyes and the correct bite. Good front and rear angulation, deep chest and well sprung ribcage. Her movement was sound and true but her coat needs some attention; 2 Hess & Higgins' **Umbrage Up All Night**, an 18-month-old red, not as compact as the first placed bitch, head of the correct proportions, well set ears, dark eyes, neck of the correct length and a level back, deep chest, well sprung ribcage, she was sound and true when moving.

PGB (3-1) 1 Darnell's **Jacquidon Rags To Riches**, a 20-month-old red, more compact than the second placed dog, broad skull, ears carried well, correct length of muzzle, dark eyes and the correct bite. Level back, deep chest and well-sprung ribcage, coat of the correct texture, she moved soundly; 2 Macbeans's **Pryorvale Belle**, a 2-year-old red, a little longer cast than the first placed bitch, broad skull, correct length of muzzle, dark eyes and the correct bite, medium length of neck, level back and tail well set on. Would have preferred more angulation front and rear but her movement was sound and true.

LB (3-1) 1 Jenkins' **Kinsridge Chitchat**, a 2½ year old red, showing plenty of breed type being small low and compact, lovely head, broad skull, correct length of muzzle, dark eyes and the correct bite and dentition. Correct length of neck, level back, well laid shoulders and a deep chest. Well sprung ribcage, short loin and a well set tail. Nicely bent stifles, her movement was sound and true; 2 Glynn's **Kenberlynn Angels Wings**, a 3-year-old red, she was overweight today and looking stuffy in neck, broad skull and the correct length of muzzle, dark eyes, deep brisket, ribs carried well back and a short strong loin. Nicely bent stifles, due to her being a little on the heavy side her movement was laboured.

OB (4) 1 Gee's **Ch Watercroft Pink Fizz**, a 2 year old red, showing a very typical outline being

balanced and in proportion, as the standard asks for, small low and compact, correct length of neck, broad skull, correct length of muzzle, dark eyes and ears well set and carried correctly. Level back, deep chest and well sprung ribcage, ribs carried well back and short strong loin, tail set on correctly, balanced front and rear angulation, correct feet, coat of the correct texture and well presented. Her movement was sound and true **CC & BOS**; 2 Thompson-Morgan's **Belleville In The Black**, an 18 month old black and tan, very typical outline, not quite as compact as the first placed bitch and I would prefer a little more lay back of shoulder. Strong neck, level back and a deep chest, well sprung ribcage and a strong loin. Coat of the correct texture, her movement was sound and true, **RCC**; 3 Phillips' **Ch Blackens Look No Further**.

BSpBeg:	Belleville Born To Be Free

No secret how much I love this breed and as I had an abundance of quality, this appointment was a delight.

PD (3) 1 Thompson-Morgan's **Belleville Just A Minute**, well this was a good start, I would have been happy with any of these 3 to win and feel they can each make up, with little trouble! So I had to decide places on today's performance. This one is super, masculine with lovely head strong muzzle and underjaw, angulation in both ends which means he has ease of reach and drive, with that added poise and attitude he went on to win the class and **RCC**. Well deserved; 2 Gee's **Watercroft To Coin A Phrase**, type and balance is evident, and preparation of the hard, red coat was grand (as were all 3). He has such good construction, therefore foot fall is right and held it together on the move, just not as, 'up for it' as winner.

JD (2) 1 Hadfield's **Belleville Born To Be Free**, this lad has a super expression from dark sparkling eye and strong clean head piece. He has well laid shoulder and return of upper arm, so has neat elbows and goes true in front. Level back, tail on top. Width to rump and strong short hock. Confident personality and sound moving round; 2 Thompson-Morgan's **Belleville Crumble Topping**, thought he would be my winner, beautifully prepared and handled quietly to advantage. He is masculine, compact with classic outlook from lovely head ending at strong jaw. Not quite the reach in front of the winner, but quality cannot be denied.

PGD (4) 1 Atkinson's **Moortop Mymark Again**, no mistaking he is male, but not over done. He is very soundly put together and so satisfying to go over. Presented in fit muscular order, he goes with ground cover and purpose; 2 Gee's **Watercroft Gold Coin**, looking at the catalogue this chap seems to be producing the goods. Easy to see why when you go over him, broad, balanced skull, super ear used to

advantage. Strong jaw housing big white teeth. Stands square on good legs and feet. Strong set on. Works it on the move. Both turned out well in quality coat; 3 Meldram's **Shersal Gold Charm**; Res Mitchell's **Jaeva Wolf Whistle**.

LD (2) Two strong typy boys.

1 Karvo & Seiloo's **Blakens Look The Part**, did all asked to win here. He presents a good outline and, hands on is constructed with good angles both end, has bone and body and decent set on; 2 Smith's **Javidel Despicable May**, if this naughty lad had done his job, it could have been a different story, as, initial look, he caught my attention. Really quality throughout, shapely, all male. Super head, flowing neck short firm back. Big bum with strong tail on top. When I caught a glimpse of him performing properly on the move, he has positive foot fall, so his future looks bright.

OD (2) 1 Gee's **Ch Watercroft Calling Time**, well this kennel has it all going on at the moment, producing cracking Norfolks. He is small masculine with legs. Super ear set with brain room in balanced skull. Stop enhances his outlook. Punishing muzzle housing strong teeth. His neck has length from lay of shoulder and width into shoulder. Ribs are sprung to short muscled loin. Big bum with quality behind and drives off short strong hock with an attitude, never losing shape. Super coat. Took it up a step in the challenge. **CC & BOB**; 2 Thompson-Morgan's **Ch Belleville Major Key**, masculine, pleased in head with width to slightly rounded skull, super eye and ear, correct stop and has power in muzzle. Really well turned out in good body & coat, he has confidence and bustling action. Both these expertly handled and presented.

VD (1) 1 Green's **Ch Wharfvalley Diamond Star**, 9 years and really on it. Very fit, free and active on

the move. He fulfils the needs of the standard and in perfect body weight, no middle age spread here! Easy to see he has his title, **BV**.

SBD (1) 1 Hadfield's **Belleville Born To Be Free**, *repeat*. Deservedly won the SB Group. Don't think he will be eligible for this class long, **BSpBeg**.

PB (3-1) 1 Smith's **Javidel Mayde To Measure**, what a charmer this lovely youngster is. She is compact, the sweetest of heads, yet not weak, shapely, compact body. Presented in super order, harsh well-fitting coat and great character. One for the future for sure; 2 Tate's **Jaeva Peppermint**, lot to like soundly put together. Only a baby yet. Alert and active with true action. Holds herself together. Presented in quality wiry coat.

JB (1) 1 Phillips' **Just The One at Blakens** TAF, this is a gorgeous bitch to look at. Loved her personality, so very typical in shape. Real bustling Norfolk with good footfall. Fabulous red harsh coat. Presented so well. She is very pretty.

PGB (0)

LB (1) 1 Meldram's **Purland Charmer at Shersal**, very feminine. Alert, happy to please and doing her job admirably. She has good spring of rib, firm loin and was in super coat of correct texture.

OB (3-1) Both quality girls

1 Gee's **Ch Watercroft Pink Fizz**, this red has the most gorgeous expression with a hint of naughtiness from dark well-set eye. Alert, lively. The forehead I have come to expect from this kennel, keep it up! Compact with spring of rib and short developed loin. Good set on and width to rump. Muscle definition. Fabulous presentation. Classic Norfolks, who those starting out at the open shows need to see, to get type in their head. Thought she would be BOB, but the male – her stable mate – just cracked on and grabbed it from her, **CC**; 2 Thompson-Morgan's **Belleville In The Black**, immaculate and substance coupled with femininity. This b&t had all I was looking for, surprised she doesn't have a Ch before her name. Folk often think in a reasonably numerically small breed, it is easy to win. I find it can be harder. She has a real terrier character and so it was close, therefore in good company she had the **RCC**.

MPD (1) 1 Jenkins' **Kinsridge Culture Club**, red. A puppy that's full of breed type, everything you would want at this age and more, beautiful head and expression, short and compact, keen and alert, good neck and shoulder placement, nice body and rear angulations, plenty ring presence although he was on his own, moved very soundly and in good coat, this one won't take long, **BP, PG3**.

PD (1) 1 Gee's **Watercroft To Coin A Phrase**, red. Coming along steadily and looked good in profile, good in head and body, just needs to settle and a bit more sure of himself, good coat and texture good one of type.

JD (2) 1 Stevenson's **Capps Smart Excuse by Brickin**, red. A mature dog of good quality, good head proportions and nice length of neck, ample bone and substance, short in back and nice muscle tone, moved well and in good coat; 2 Thompson-Morgan's **Belleville Crumble Topping**, red. One of good size, make and shape, well balanced, short and compact, good topline and tail set on the move, coat of good texture, not as hard as the first, but could easily change places on another day.

PGD (1-1)

LD (0)

OD (2) Two first class exhibits of quality and breed type.

1 Gee's **Ch Watercroft Calling Time**, red. A well proportioned dog of good size and shape, good in profile and on the move, balanced head with no exaggerations, enough bone and substance nice quarters, moved covering the ground with ease, coat good, **CC**; 2 Thompson-Morgan's **Ch Belleville Major Key**, red. A masculine dog with good pigmentation, pleasing head shape, good in shoulders and body, nice rear angulations, moved effortlessly

around the ring, good coat, and two worthy Champions, **RCC**.

VD (0)

SBD/B (1) 1 Brittain's **Kinsridge Pretty Penny**, stood alone in the ring and was a bit unsure today, good in head and body, nice size and well presented, moved steadily around the ring keeping a level topline and good tail set.

MPB (1) 1 Stevenson's **Brickin Made By Design**, typical puppy very inquisitive wanting to go everywhere, but once settled down, she is a well balanced youngster, nice in head and body, short in back, good bone and rib, nice angulations, coat just starting to come through, moved a bit lively today.

PB (1) 1 Tate's **Jaeva Peppermint TAF**, b&t. A smartly constructed puppy of breed type just a bit immature yet, soundly put together and true in movement for and aft. Enough body and rib, good angulations, will be a different bitch in six months.

JB (5-2) 1 Gee's **Watercroft Rosie Lee**, nice bitch of type, pleasing head shape, dark eyes and good ear placement, well put together and with good outlines, moved well keeping a level topline, in good condition and texture to it; 2 Gardener's **Watercroft Q'Tip at Danalas**, coming along steadily and looked good in profile, good in head and body, nice in size and shape, not as settled on the move as the first place, would benefit from a strip out and tidy her coat a bit; 3 Brittain's **Kinsridge Pretty Penny**.

PGB (3) 1 Macbean's **Pryorvale Bow Belle**, red bitch that was keen and alert, enough substance, a tad longer than I would prefer, but good in head shape and correct dentition, she used her ears and tail to an advantage, moved well both ways keeping

a level topline, good coat; 2 Gardener's **Northwool Jenni And Romance at Danalas**, good head and ear carriage and dark eyes, enough body and rib, good quarters, moved around the ring keeping a level topline, would like to see a little more coat; 3 Glynn's **Kenberlynn Angels Wings**.

LB (2) 1 Jenkins' **Kinsridge Chitchat**, red. Short, compact and low, typical of the breed, head has a good ratio, keen and alert, very good expression, dark eyes and correct ear carriage, sound dentition, balanced in body with strong quarters, moved round the ring with ease, in good coat; 2 Thompson-Morgan's **Belleville In The Black**, another one of breed type, good b&t, defined colours, typical in shape and make, pleasing head shape, front and shoulders, enough bone and substance, short and compact, moved well, good coat and texture.

OB (2) 1 Gee's **Ch Watercroft Pink Fizz**, red. One that enjoys the big ring, plenty of attitude and ring presence about her, very good example and typical of the breed, very good outlines over all, good head and expression, dark eye, correct ears and mouth, nice neck and shoulders, short in back, strong quarters and tail set, moved with ease around the ring, keeping a good topline, great coat and texture, never stops showing which is to her credit, **CC** and **BOB**; 2 Thompson-Morgan's **Belleville Ovation**, good in type and a lot to like about this bitch, pleasing head and expression, good ears, eyes and mouth, good neck and shoulders, well bodied nice angulations, moved keeping a good topline, not the ring presence of the first placing, **RCC**.

PD (1) 1 Gee's **Watercroft To Coin A Phrase**, such a quality head on this dog, good skull and developed stop, clean neck, adequate backline, moved well. **BP, PG1.**

JD (4-1) 1 Thompson-Morgan's **Belleville Crumble Topping**, difficult choice and I liked one and two for different reasons, this boy took the edge on maturity and better coat which is of good texture, lovely outline stood, good skull but needs more fill to muzzle, not going so well today, **BJ**; 2 Stevenson's **Capps Smart Excuse by Brickin**, sadly not the finish of body and coat as the winner, loved his head and expression, cobby body and excellent tail, moved out soundly; 3 Hadfield's **Belleville Born To Be Free.**

PGD (3) 1 Atkinson's **Moortop My Mark Again**, correct for make and shape, ok head but eye appears a bit full, short backline and scored in topline, clean quarters which he used to his advantage, his front needs to firm; 2 Nash's **Ralph of House Nash**, quality black and tan with an excellent outlook, good stop and correct coat, holds his outline stood but loses it on the move; 3 Walker's **Roxypark Spring Time.**

LD (3) 1 Karvo & Seiloo's **Blakens Look The Part**, solid black and tan who is substantial and all male, good dark eye and well pigmented eyerims, hard backline and excellent tail, lost out in the challenge on front action; 2 Hess & Higgins' **Umbrage Copacabana**, plenty big enough male, broad skull, decent in outline stood, clean neck, a little wide in front; 3 Gee's **Watercroft Gold Coin.**

OD (4-1) 1 Thompson-Morgan's **Ch Belleville Major Key**, have to handle to appreciate, upstanding male with a short back and enough leg, great static balance, scored on skull and stop, his front action is excellent but a little upright in shoulder, precise going away and holds his outline at all times on the round, not

in the full finish of coat as the BCC which cost him, a deserved **DCC**; 2 Gee's **Ch Watercroft Calling Time**, in full coat and furnishings, head is ok but would prefer more stop, scored in eye shape colour and pigmentation, good for size and outline and an exceptional side gait, **RCC**; 3 Lloyd's **Orison Ice Tee.**

SpBegD (3) 1 Lloyd's **Orison Ice Tee**, a sound moving dog who gave a good account of himself, head is ok but a little full in eye, **BSpB**; 2 Hadfield's **Belleville Born To Be Free**, super headed male who is a little longer in back than the winner which cost him, excellent side gait; 3 Walker's **Hedgefield Brucey Baby.**

PB (2) 1 Stevenson's **Brickin Made By Design**, soundly made bitch with the prettiest of heads, excellent eye and moving out well; 2 Tate's **Jaeva Peppermint**, another soundly made puppy who really scores in her movement, just did not have the finish of body of the winner, a touch light in eye which cost her.

JB (3-1) 1 Phillips' **Just The One at Blakens**, so typical in outlook and on first glance really appealed, pretty headed bitch with a good expression but a little weak in underjaw, body proportions ideal and flows in outline, not driving out behind as expected; 2 Gardener's **Watercroft Q'Tip at Danalas**, longer cast than one and lacking furnishings today, went well with a steady gait.

PGB (4-1) 1 Stevenson's **Brickin Devine Tilly**, generally type is good with an excellent eye and pigment, clean moving but tended to drop her tail; 2 Hess & Higgins' **Umbrage Up All Night**, pretty headed bitch who scores in profile movement, a little wide in front which cost her the class; 3 Gardener's **Northwool Jenni And Romance at Danalas.**

OB (3) 1 Gee's **Ch Watercroft Pink Fizz**, is picture perfect stood, love her head and expression, good skull and stop, ideal muzzle to skull ratios, excellent eye and expression giving that keen look, body score and conditioning is second to none and she was here in her full glory, cobby body with width and girth, feminine yet strong, she is ok on the move with good carriage, could not be denied the **CC** and **BOB, G4**; 2 Phillips' **Ch Blakens Look No Further**, scored heavily on outline, good head but would prefer more stop, such a clean neck and her carriage is low and driving at which she scored; 3 Thompson-Morgan's **Belleville Ovation**.

My thanks to the Committee for inviting me and the exhibitors for their entry, which I was pleased with considering it was during the week.

PD (3) 1 Gee's **Watercroft To Coin A Phrase**, a promising young dog, correct in head and expression, nice in body, short back, well set and carried tail, in good coat, when he moved he looked good from all angles, pleased to give him **BP** and to get Best Puppy in Group **PG1**; 2 Jenkins' **Kinsridge Culture Club**, not so settled on the move as first but I still liked him, correct dentition, well set ears, nicely bodied, good for angulation front and rear, coat correct; 3 Simpson's **Brickin Wish Me Luck at Megalex**.

JD (4-2) 1 Stevenson's **Capps Smart Excuse by Brickin**, moved and showed well to win class. Dark eyes, ear set correct, good neck and shoulders, firm in topline, good bone and tight feet; 2 Hadfield's **Belleville Born To Be Free**, pleasing in head, good shoulders, nicely ribbed, level topline standing on good feet, moved well in front.

PGD (3) 1 Thompson-Morgan's **Belleville Crumble Topping**, liked this dog for shape and size, nice and compact, strong in jaw, neck flows into good shoulder placement, well ribbed with deep chest, moving well today; 2 Atkinson's **Moortop My Mark Again**, a good all round male dog, good for bone and muscle, level back to well carried tail, well made hindquarters, moved out well; 3 Davies' **Lagdenfarm Fidget Pie**.

Thank you everyone for such a lovely entry. I feel honoured to be able to judge your beautiful Norfolks. The weather was kind to us so we were able to show out side. The ring was not too bad, grass was short but ground a little bumpy in places. I enjoyed judging this quality entry. All the exhibits had lovely temperaments and showed happily. Overall quality was excellent and of good type, moving soundly most with good angulation and covering the ground well. A few exhibits could have had better bites. Tail carriage is improving I am glad to say. I watched my BOB and Best Puppy in the groups. Both looked stunning and did us proud. The puppy getting PG2 in a lovely line-up.

PD (4) 1 Gee's **Watercroft To Coin A Phrase**, fell in love with this young man. Solidly built with great bone. Correctly proportioned head and neat ears. Dark well shaped eye making a lovely expression. Super front and strong hind quarters, which he uses to advantage. Great spring of rib, good reach of neck leading to well laid shoulders. His coat is prepared to perfection. **BP, RCC, PG2**; 2 Smith's **Javidel Mayde To Order**, very smart, and well made with good hind quarters and moved soundly both ways. Pleasing head and expression. A little finer built, just needs to mature a little and fill out; 3 Simpson's **Brickin Wish Me Luck at Megalex**, such a happy show man in full coat of good texture. Loved his head so classic and typy. Looked a little stuffy in neck at the moment, but when he loses his puppy fat could be fine; Res Green's **Wharfvalley Double Diamond**.

JD (2) 1 Stevenson's **Capps Smart Excuse by Brickin**, sound and steady on the move. Striding out well with the right amount of reach and drive. A classic head with good stop and well placed ears. Lovely large teeth and correct bite. His coat is of great texture. He shows tons of promise; 2 Newton's **Strathinver Time To Star**, well bodied in full coat which made him look a little stuffy but under that

good textured coat he is well made. A little hesitant at first but soon found his feet to move soundly and show himself off.

PGD (5) 1 Thompson-Morgan's **Belleville Crumble Topping**, a very impressive picture, showing himself so well to show his many qualities. Strong head and masculine expression. He has good bone and good spring of rib. Correctly angulated hindquarters and is well muscled and in super condition. His harsh coat is beautifully groomed; 2 Atkinson's **Moortop My Mark Again**, showing and moving really well. His well angulated hindquarters powering him round the ring. Correctly proportioned head with dark eyes and neat ears. Good bone, nice reach of neck and kept a good topline on the move; 3 Newton's **Strathinver Star Of Fortune**, mature dog with a great textured coat. Well boned and good angulation. Classic type head. Moved soundly both ways; Res Meldram's **Shersal Gold Charm**; VHC Mitchell's **Jaeva Wolf Whistle**.

LD (5-3) 1 Karvo & Seiloo's **Blakens Look The Part**, a stunning shining black and tan. In excellent coat and trim. One of the best tails today. He has a dreamy head with a lovely expression. Dark expressive eyes and neat well placed ears. Large teeth and good bite. Enough bone and great front and well angulated. Moved and showed steadily and soundly; 2 Smith's **Javidel Despicable May**, very close to my winner compact short body in lovely coat and condition. Classic head and expression. He is well angulated and moved soundly both ways.

OD (2) 1 Gee's **Ch Watercroft Calling Time**, this was maybe the hardest class. Two outstanding dogs my first won on his true norfolk type 'compact low to the ground terrier' look. He has a short cobby solid body. With super bone and great spring of rib. He has powerful hind quarters that take him round the ring with no effort. Never putting a paw out of place. Always keeping a good outline. His head is

strong and correctly proportioned and has a lovely terrier expression. Always attentive to his owner wanting to please. His correctly textured harsh coat is beautifully groomed, **DCC**; 2 Thompson-Morgan's **Ch Belleville Major Key**, outstanding quality that one would expect from this owner. Correctly proportioned head with a masculine expression, good reach of neck and strong well muscled hind quarters. Good tail set, harsh coat, beautifully groomed. Showed steadily. Pressed hard for the Res CC.

VD (1) 1 Green's **Ch Wharfvalley Diamond Star**, a very young looking 9 year old. In impressive coat and condition. Moved out like a youngster on strong well muscled legs. Great bone lovely head and expression. A very worthy champion.

PB (4) 1 Stevenson's **Brickin Made By Design**, great name for her she is definitely made by design. She is made beautifully, such a sweet feminine expression. Compact cobby body with good bone, lovely spring of rib and excellent angulation. With good drive for one so young. Her coat is maturing nicely. One to watch!; 2 Gee's **Watercroft Bit Of Crumpet**, beautifully constructed baby, correctly proportioned head. Nicely angulated hind quarters. Great reach of neck with good layback of shoulder. She has a well set tail which she carries happily. She moves and shows like she is having fun which is so nice to see. Her coat is coming through but at the moment not at its best; 3 Smith's **Javidel Mayde To Measure**, dark red with a super harsh coat. Very pretty head and expression. Moving smartly and steadily; Res Green's **Wharfvalley Diamond Dust**.

JB (1) 1 Phillips' **Just The One at Blakens**, super sound mover. Good bone and short coupled body. Short loin and good rib. Good front and well angulated quarters. Correct tail set and in beautiful coat and trim.

PGB (3-1) 1 Gee's **Watercroft Name Your Tipple**, a girl in her prime! Her beautiful black and tan coat gleaming. It has wonderful texture and is trimmed to enhance. She has strong hind quarters which she can use to her advantage. Her expression is smiling all the time, so sweet. Great bone and spring of rib with a short loin; 2 Darnell's **Jacquidon Rags To Riches**, very smart little girl. Cobby body with spring of rib. Correctly proportioned head with pleasing expression. Well angulated hind quarters. She moves soundly and happily.

LB (3) 1 Thompson-Morgan's **Belleville In The Black**, impressive black and tan. With super textured coat. She is a sound mature bitch and moves with style. Compact solid body lovely head with appealing expression. Good length of neck and lay back of shoulder. Correct tail set. **RCC**; 2 Darnell's **Jacquidon Nip And Tuck**, another great little black and tan. Short compact with a lovely head and neat ears. She shows beautifully and moves soundly on strong little legs. Very nicely presented; 3 Meldram's **Purland Charmer At Shersal**, a lot to like about her. She aimed to please her owner. Happy mover.

OB (3) 1 Gee's **Ch Watercroft Pink Fizz**, what a beauty she is, she is very hard to fault. And you find you just cant take your eyes of her. A great little dog who puts all in to please her owner. Solid compact body a true low to ground terrier she has the strength I think that she could do a days work. She is what they say 'fit for function'! On top of that she has such a lovely head so appealing, neat ears and dark eyes. Super front and shoulder. Tight little feet and well angulated hind quarters with short hocks. She drives round the ring in style with reach and drive. She sports a perfect coat of correct texture, beautifully groomed. She is a super star, **CC & BOB**; 2 Thompson-Morgan's **Belleville Ovation**, beautifully constructed throughout. She has all you need to make a super Norfolk. In great coat and moves and shows well. She looks good in profile and strides out well. 3 Phillips' **Ch Blackens Look No Further**, really liked her she has all the essentials but was not giving her best to day. She really played her owner up. And was not moving as good as those above her. Think she was having an off day.

I would like to thank the committee for the invitation, weather perfect, a show I always enjoy, and the Exhibitors for such a quality entry.

JD (6-3) 1 Jenkins' **Kinsridge Culture Club**, 9 month puppy full of breed type. Super head and expression, neat small ears, lovely dark expressive eye. Good length of neck flowing into a well placed shoulder, short and compact with good spring of rib, short in loin, moved well driving from behind, **BP, RBD, BJ**; 2 Hadfield's **Belleville Born To Be Free**, larger than 1 and more experienced, lovely type enough length of neck not as good in shoulder as 1 and slightly longer in back, beautiful head and expression, neat ears which he used well, great bone and padded feet moved with enthusiasm and a great showman in good coat well presented; 3 Smith's **Javidel Mayde To Order**.

PGD (3-1) 1 Hess & Higgins' **Umbrage Copacabana**, took my eye straight away for quality & type, super broad head with good expression, plenty of stop which is lacking in some Norfolks. Neat ears which he used to advantage. Enough length of neck, well bodied with excellent ribbing, super shape standing but a little wide in front, plenty of bone and good padded feet, just hanging on to his coat; 2 Mitchell's **Jaeva Wolf Whistle**, this dog had the most beautiful head with dark eyes and neatest of ears, good length of neck, nicely shaped body, moved well for his handler full of confidence, another not in the best of coats.

OD (2) 1 Smith's **Javidel Despicable May**, quality all through this young male excels in head, the darkest of eyes and the biggest teeth, strong under jaw, his ears are good when settles. Good length of neck following into well laid shoulder, short in back correct length of ribbing, nicely angulated and moved with drive. In super jacket looked every bit my **BD & BOB**; 2 Walshe's **Beritas The Name's Bond**, similar to one but a shade longer cast and his coat isn't the same texture as the winner, he moved

and showed extremely well, full of confidence.

JB (4-2) Very hard decision between 1&2 both very promising puppies.

1 Smith's **Javidel Mayde To Measure**, this puppy bitch today showed her socks off, never put a paw out of place the best I have ever seen her go. Dark red bitch with a strong head with a good eye and mouth. Good length of neck slightly longer in body than 2 plenty of bone with well padded feet. Very close decision but today performed the better; 2 Tate's **Jaeva Peppermint**, beautiful quality b&t puppy of just 12 months, very immature for her age but with maturity certain to have a bright future. Lovely head but needing to develop, good eye and neat ears, lovely length of neck flowing into well laid shoulders, she looks slightly longer at the moment through lack of maturity. Her young handler moved her too fast causing her to move close behind. In super coat and presentation.

PGB (3-2) 1 Hess & Higgins' **Umbrage Up All Night**, beautiful bitch of great breed type, stunning head with the best of expression, well bodied bitch with great ribbing, well angulated behind, standing was just lovely but unfortunately she wasn't co-operating with her handler today. Super coat of great texture, **RBB**.

OB (2-1) 1 Jenkins' **Kinsridge Chit Chat**, quality bitch of excellent type in very good order, she had the neatest of heads with dark oval eyes, lovely flat shoulders short in her back, good angulation excellent tail well set on, she moved around the ring effortlessly, small and low to the ground. Her handler informed me she had just come into season hence she was a little awkward to go over on the table, **BB**.

LB (2-1) 1 Thompson-Morgan's **Belleville In The Black**, typical quality b/t bitch, with pleasing head and eye and expression. Excellent forehand and quarters angulation. Ribbed up, short back, level topline standing and moving and good substance and bone. Shown in good coat and order. So sound on the move with reach and drive, which carried her to **BCC**.

Many thanks to the society for the opportunity to award CC's for the first time, to this wonderful breed the Norfolk Terrier. It was nice to be able to judge in the BIS ring, however this flooring did seem to affect the movement of all the exhibitors' dogs, with most of them crabbing and being distracted. Many thanks to the exhibitors that took the time and expense to show their wonderful dogs under me, I appreciate it is not the easiest venue to get to. Not a huge entry, but full of quality. I was delighted to see my Best Puppy go onto win the Terrier Puppy Group and perform well on the final day in the Best Pup In Show line up. It was also pleasing to see the Special Beginner a worthy second in the SB group, a lovely day for the lady.

PD (51 1 Gee's Watercroft Calling Card, a lovely puppy to start with, full of spirit, as you would expect at this age. Pleasing through head, slightly domed, with decent width at this age. Alert expression. Moderate length of neck springing up from clean well laid shoulders. Good for overall shape and balance, with bone and substance. Compact and well ribbed. Ample angulation front and rear. Tail on top with plenty behind. Sporting a lovely jacket, of ideal length and presented to show his attributes. When settled move true all ways, looked the part covering the ground in profile. Will watch his progress, **RDCC, BP & PG1.**

JD (0)

PGD (2) 1 Atkinson's Moortop My Mark Again, 21 month, pleasing through head, oval eye, good bite, tidy ears and keen expression. Lovely on the move, covering the ground with a low driving action. True all ways, with excellent front reach. Short, cobby and good through body. Tail on top and substance behind. Decent rear angulation; **2 Thompson-Morgan's Belleville Crumble Topping**, masculine boy. Larger throughout. Smart through a balanced head, good

stop, dark eye and good bite, however ears were flying at times. Clean through neck and shoulders. Short cobby, good bone, ample neck and sporting a cracking jacket, harsh and profuse. Moved well, but not as precise as 1. Coat coming through.

LD (3) 1 Karvo & Seiloo's Blakens Look The Part, b&t, nice balanced head, with good stop and skull, ears well set and hanging close to cheek. Moderate length of neck, good through body and tidy tail set. Good rear angulation. Moved well in front and rear, covering the ground with a free action. Lovely coat texture; **2 Gee's Watercroft To Coin A Phrase**, younger male, with a good overall shape and balance. Pleasing in head, with sparkling eye and well placed ears. Clean through neck and shoulders. Ok through body and tail well set. Good rear angulation and a crisp rich coat finished the picture. Moved well in profile but a little loose coming and going; **3 Smith's Javidel Despicable May.**

OD (3-1) 1 Thompson-Morgan's Ch Belleville Major Key, a very smart boy, full of type, balanced throughout and a bit of a showman. lovely head, correct shaped dark eye, well defined stop and clean skull. Good through neck set on to a nice lay of shoulder and good front. Short and compact, through a well ribbed body. Tail on top and plenty behind. Well muscled thighs and angulated rear quarters. Move with drive, true all ways and keeping a level top line. Presented with a lovely harsh jacket, **CC & BOB**; **2 Lloyd's Orison Ice Tee**, pleasing balanced head. Ok through clean neck. Good rear angulation. Moved very well, with reach and drive. Unfortunately not sporting his best jacket today.

PB (4-2) 1 Gee's **Watercroft Bit Of Crumpet**, very feminine and immature at the moment. Feminine head with a pleasing expression and eye. Lovely through neck and well placed shoulders. Tidy ribbing and tail on top. Good rear angulation. Ample bone. Looked the part striding out in profile; 2 Smith's **Javidel Mayde To Measure**, a bobbed tailed rich red 10 month youngster. Preferred the overall balance of 1. However this youngster was pleasing through head, clean neck, tidy front, good ribbing and well angulated rear. Moved ok.

JB (2-1) 1 MacBean's **Pryorvale Cashmere**, feminine through a balanced well defined head. Compact and well ribbed, with tail on top. Moved steadily around the ring, typical and free. Jacket ok.

PGB (1) 1 MacBean's **Pryorvale Bow Belle**, 3 year old bitch. Moved out really well, true all ways and covering the ground with a clean action. Presented a typey picture, ample bone, and good substance. Well ribbed and good rear angulation. Coat ok.

LB (1) 1 Thompson-Morgan's **Belleville In The Black**, a lovely moving bitch with great front extension and drive from behind, covering the ground in a brisk low movement. Feminine through head with a wonderful expression. Tidy ears and good bite. Ample neck into clean shoulders. Well ribbed through compact body, with substance and good muscle tone with powerful thighs. Tail on top and lots behind. Sporting a rich black and tan jacket which completed the picture, **RCC**.

OB (2) 1 Gee's **Ch Watercroft Pink Fizz**, one I have had the pleasure of judging before and she has matured very nicely. She is very difficult to fault. Balanced throughout, feminine, compact, with substance and her correct jacket was correct texture & presented to perfection. Nothing exaggerated, pleasing through head with typical expression, dark eye and neat ears. Clean neck and shoulders from the top drawer. A solid compact body, well ribbed and nicely placed tail. Small round and tight feet. Well angled rear, with short hocks which she used to drive around the ring with style and with reach and drive. She is a very confident showgirl, who is determined to please both her handler and the judge and never stops showing. Delighted to award her the **BCC & BOB**; 2 Thompson-Morgan's **Belleville Ovation**, another quality typey bitch, but from a larger mould than 1. Well put together throughout, pleasing head and good neck. Compact body and

with bone and substance. Heavier in shoulders than 1. Moved really cleanly.

Delighted to get the opportunity to judge this delightful breed and huge thanks to all of you who entered and gave me the chance to meet your dogs.

VD (0)

PD (1) 1 Gee's **Watercroft Calling Card**, what a little cracker to start off with! Bright eyes twinkling from a well-balanced head, strong neck into well-laid shoulders that gave him plenty in front and reach. Bang on straight in front, tight elbowed with good spring of rib. Powerful rear with good bend of stifle and strong hocks enabled him to drive powerfully, go **BP** in breed, and delighted though not surprised that he went on to win **PG2**.

JD (2) 1 Newton's **Strathinver Time To Star**, very pleasing young dog with good shape to head and strong muzzle though I preferred the ears of 2. Strong neck, good lay of shoulder and well-developed chest. Compact body and ample rear angulation though not so much behind as 2. Still had good drive and reach and the best mover in this class; 2 Hadfield's **Belleville Born To Be Free**, this young guy looked the part having a bright expression on a good head, good forehand, well-sprung ribs and plenty behind. Unfortunately, he didn't move as well as expected and lacked the drive I was hoping for.

YD (3) 1 Gee's **Watercroft To Coin A Phrase**, another super youngster edging towards adult maturity. Good breadth to skull, bright eyed with strong underjaw, strong neck into well-laid shoulders to straight back. Another with plenty fore and aft, well-muscled on rear to propel powerfully. Most settled of the three and was a strong contender in the challenge; 2 Atkinson's **Moortop My Mark Again**, a very smart young dog not a settled as 1 with a penchant to sit. Pretty much managed to match the body strengths of 1 but didn't have the head ratios. His maturity however was enough to warrant his

second place; 3 Thompson-Morgan's **Belleville Just A Minute**.

PGD (1) 1 Deuchar-Fawcett, Fawcett & Wendt's **Strathinver Sargent Pepper**, a 2-year-old red boy with decent head and body but not shown in the best condition. Unfortunately, his movement was hampered by his handler a bit but improved in the specbeg class.

OD (4) 1 Thompson-Morgan's **Ch Belleville Major Key**, super quality dog, having a well-balanced head, strong neck perfectly formed fore, good spring to his ribcage and strong little body. Another with plenty fore and aft with strong propulsion and plenty of reach. Presented in well-muscled condition and the best mover in this class. Well deserved **BD** and gave me the most difficult decision to make in the challenge against the bitch; 2 Smith's **Javidel Despicable May**, an extremely well-made dog presenting a lovely profile and a true challenge to 1. His angulation at both ends gave him good reach and drive, sound true movement but didn't quite have the overall quality of 1, **RBD**; 3 Walshe's **Beritas The Name's Bond**; Res Newton's **Strathinver Star Of Fortune**.

SBD (2) 1 Deuchar-Fawcett, Fawcett & Wendt's **Strathinver Sargent Pepper**; 2 Hadfield's **Belleville Born To Be Free**.

GCD (0)

VB (0)

PB (4) 1 Gee's **Watercroft Bit Of Crumpet**, more quality from this kennel but in comparison not as mature as the dog pup (her litter brother I believe). Has all the same qualities but just in more baby form and a bit looser. This little one is a slow burner and will certainly achieve greatly in the future and also

today was a stage of maturity better off than 2; 2 Thompson-Morgan's **Belleville Li'l Black Number**, one for the future here, only a baby but shows quality signs. Head is sweet and balanced, lay of shoulder is good and a bit of tightening on front will improve that small area. Nevertheless, still moved straight with a good rear action; 3 Atkinson's **Moortop Sweet Design**; Res Smith's **Javidel Maybe To Measure**.

JB (1) 1 Deuchar-Fawcett's **Jaeva Candy Stripe**, just into junior and still got quite a bit to go. She is pretty sound in most body aspects but again, like the PG dog had her movement curtailed and not shown in the best light.

YB (0)

PGB (0)

OB (2) 1 Gee's **Ch Watercroft Pink Fizz**, what a gorgeous girl this is! Oozes quality from the tip of her black nose, past her dark bright eyes, strong neck, well-laid shoulder, short back and well-developed rear. Again, her good angulation gave her that prominent chest and rump that I like with a well-sprung deep chest to complement. Ever so sound on movement and despite a really strong challenge from the dog who was a bit distracted, took all the silverware with **BB & BOB**; 2 Thompson-Morgan's **Belleville Back To Black**, a black & tan super wee girl who showed her quality literally as had no coat to speak of. Lovely shape to skull with super big clean teeth. Good angles front and rear and a strong mover. **RBB**.

Judge: Miss Isobel West**

I would like to thank the Club for inviting me to judge the Special Classes this year. It was an honour and a privilege. I thoroughly enjoyed the day and all the support I got.

Class C – Special Open Dog (7-2) 1 Smith's **Javidel Despicable May**, strong and masculine head with an alert expression. Straight front with good spring of ribs and close elbows. Compact and muscular keeping a level top line. Moderate turn of stifle and nicely balanced. Covered ground well and moved with power; 2 Thompson-Morgan's **Belleville Crumble Topping**, masculine broad shaped head with a lovely ear set. Darker eye with good oval shape. Ribs well sprung with good amount of fore chest. Preferred movement of 1st but carried itself nicely on the move; 3 Simpson's **Brickin Wish Me Luck at Megalex**.

Class D – Special Open Bitch (5-1) 1 Thompson-Morgan's **Belleville Li'l Black Number**, lovely black and tan with a nicely textured coat for age. Slightly immature in the head but still has time to grow. Pleasing alert oval eyes. Well-muscled hindquarters which she used well on the move keeping her top line, moving straight and covered well. Overall well balanced and enjoyed her time in the ring; 2 Gee's **Watercroft Top Totty**, feminine shaped head with a lighter brown eye. Good spring of ribs and moved well. Slightly shorter in the neck than would like. Tighter coat with a lovely texture. Nicely matured and stayed keen and alert throughout the class; 3 Nash's **Tiggy of House Nash**.

PG1 Gee's **Watercroft Calling Card**, Norfolk Terrier dog, and today he certainly pulled the right cards and had to in strong competition. Love his overall head, eye, and ear set and shape all giving such a wonderful expression. Correct in neck and body balance and shape. Superb fore and rear quarters tight feet. Presented in firm muscle tone coat and condition. Standing portrays a super quality outline except when at times his baby instincts kick in and he loses concentration which at this age must always be acceptable. Moves very true all round.

BP: **Kinsridge Tip Toes**

MPD (4-2) 1 Jenkins' **Kinsridge Tip Off**, very immature but only 7 and half months, head OK for age, good eye and ears, correct length of neck, scored in outline and tail set. Well angulated hindquarters but front is not his fortune, some of this I am sure is due to weak pasterns which will strengthen with age, good bone and coat, showed well; 2 Haydon & Gibbings' **Earthtaw Lincoln**, attractive boy, typey with short back and legs, head OK for age and excellent mouth with large teeth, topline is good but movement could be better fore and aft, correct bone for size and showed well.

PD (2-1) 1 Gee's **Watercroft Calling Card**, this boy stood alone but did win overall today gaining CC over another good, mature dog. He has the one thing you can't overlook and that is quality, only 10 months but maturing well, excellent head in all departments, well carried ears, great outline and profile movement, held his topline at all times, unlike many correct for length of neck and front standing or moving. CC and BPD. Only beaten by the equally attractive pretty bitch pup on her particularly lovely type with short, back and legs. When adult he will also be typey in body due to maturity and filling out.

JD (3) 1 Smith's **Javidel Mayde To Order**, a bigger dog but completely balanced and in proportion, just starting to mature, excels in bone, well made body, resulting in good movement, nice head, dark eye and just the right size of ear, right length of neck, excellent quarters showed and moved steadily; 2 Newton's **Strathinver Time To Star**, loved the type and size of this dog with his correct short back and legs, he did make life difficult for handler and judge, fidgeting on table and had to give him a few go's before I could see his good movement. Would like a higher set tail and smaller ears but lovely head, looked good standing. In a good class lost out due to his misbehaving so much; 3 Hamar's **Zeals Mist of Lagdenfarm**.

PGD (5-2) 1 Hadfield's **Belleville Born To Be Free**, a very attractive quality dog who excels in head, eye and ears, a little imperfect in mouth but moved so much better than the rest in the class, correct for bone and coat, showed really well, would prefer a little longer neck for perfection but balanced and looked the part; 2 Nash's **Ralph of House Nash**, not as short as winner but attractive boy, OK for neck, lovely outline finished with high set tail, head proportion's quite good but ears a shade high set and not as good in front or movement as 1, in great coat and showed to perfection; 3 Walker's **Hedgefield Brucey Baby**.

LD (7-2) When this class came in I thought it an excellent lot of dogs, but unfortunately most had the same movement fault which is prevalent in the breed.

1 Stevenson's **Capps Smart Excuse by Brickin**, a really lovely all round dog and by far the best mover in this class, also had the best tail set and carriage, good head, eye and mouth, in need of a new coat but that will improve, whereas the movement on some in the class will not; 2 Atkinson's **Moortop My Mark Again**, preferred this one for size and coat condition, excels behind but not in front, where he moved wide and his style of grooming showed this off rather than minimising it. Very attractive, correct for bone and substance and lovely head, showed well; 3 Hess & Higgins' **Umbrage Copacabana**; Res Newton's **Strathinver Star Of Fortune**; VHC Walker's **Roxypark Spring Time**.

OD (3) Another quality class where the winner won on movement again.

1 Hurron & Standen's **Villassa Jack Be Quick**, a slightly different type for me but can this boy move, profile movement is excellent and is one of the few who does not move wide in front or toe in, lovely head and mouth, being picky would like a darker eye and his flying left ear let him down in the dog challenge. Has a lovely outline and correct for size, OK for

bone and substance and show with animation, just preferred the quality in type of CC winner, **RCC**; 2 Karvo & Seiloo's **Blakens Look The Part**, this dog could not be faulted for coat and condition, he looked fabulous standing. He lost on movement not having the drive behind and throws his front legs moving but for ear carriage, head, bone and general type is lovely. Has matured since I last judged him abroad; 3 Lloyd's **Orison Ice Tee**.

VD (1-1)

MPB (3) 1 Jenkins' **Kinsridge Tip Toes**, I turned round from my judges table and saw this one and lost my heart! Such a pretty, typical, quality baby girl, so balanced and together, no one part bigger or smaller than the other as with most this age. Pretty head of correct proportions, good eye, mouth and ears, short back and leg, correct length of neck, very good quarters and moved well, showed so well for age. Not as mature as the puppy dog winner but I'd fallen in love, so awarded her **BP** and **RCC**; 2 Gee's **Kinsridge Top Marks to Watercroft**, this little one is not ready yet, she has a good eye, mouth and ears, but head still small for body and doesn't have the bone of the winner, her tail set and carriage is correct, shown in good coat but needs time to grow into herself; 3 Mitchell's **Watercroft Hot Air**.

PB (3-1) 1 Atkinson's **Moortop Sweet Design**, attractive young lady of quality, has a correct and pretty head, correct eye shape and colour, good bite, just enough neck for age but moves a tad wide in front but not one of the worst, nice for bone and substance and a correct tail carriage and set on, in excellent coat but too much coat taken off chest, no ruff!; 2 Gee's **Watercroft Bit Of Crumpet**, an elegant young lady and very showy but her movement is erratic made worse by almost over showing, tail not as good as winner and will shorten with age and maturity, hindquarters actually well angulated so when she is calmer will probably move OK behind, good coat.

JB (4-1) This was a hot class.

1 Stevenson's **Brickin Made By Design**, really like this bitch, such great type and moves so well both ways when she wants. Did play up and this nearly lost her first place but just settled well enough by the end of the class, she has a lovely head, eye and mouth. Lovely outline and shown in good coat. Showed well standing; 2 Hurrion's **Villassa Sea Of**

Dreams, lovely quality young lady who moved well and better schooled than winner but not as balanced, her head needs to catch up with her mature body which was a little plump. Has particularly good quarters with a lovely set on and carriage of tail, although a small head it is correctly proportioned with a lovely dark eye in good coat and showed well; 3 Smith's **Javidel Mayde To Measure**.

PGB (8-4) 1 Darnell's **Jacquidon Rags To Riches**, loved this one for her beautiful breed type, has the prettiest of heads with correct eye, ears and mouth. I know Norfolk's shouldn't have a long neck but many, as with this one, are a bit too short, moves better behind than in front but is very showy and one look at that face and you would forgive her anything. Shown in lovely coat; 2 Hurrion's **Villassa All About Me**, a quality bitch shown in excellent coat, good for head, eye and bone and substance, is a shade heavy in front but moved better here than the winner, however does go a bit close behind, maybe she needs moving a little slower, excellent temperament and made the most of herself; 3 Lupton's **Red Kingslynn Chestnut of Tomgram**; Res Nash's **Tiggy of House Nash**.

LB (6-2) 1 Hurrion's **Villassa Cherry Stars**, it was very close between 1 and 2, this quality bitch has a lovely head, mouth, eye and ears and did move better in front than 2, coupled with hindquarters which moved with drive behind. Another with lovely set on and carriage of tail. In excellent coat and showed well; 2 Hess & Higgins' **Umbrage Up All Night**, this girl looked the winner standing, in perfect coat with great outline and balance, correct length of neck, her hindquarters are excellent but unfortunately doesn't move so well in front, another who is over trimmed in the chest area, actually so little coat that it shows off her wide front instead of the coat minimising it. Beautiful tail, good skull with dark eye and good mouth, would benefit for a stronger muzzle, in good body coat; 3 Darnell's **Jacquidon Nip And Tuck**; Res Lupton's **Red Kingslynn Chestnut of Tomgram**.

OB (2) 1 Gee's **Ch Watercroft Gold Dust**, I turned from the table to see this beautiful mature bitch standing there. The quality, the outline with short back and legs, coupled with beautiful head and lovely short straight tail made her the easy winner of **CC**, **BOB** and later **G2**. In perfect coat and condition she sailed round the ring leaving the rest in her wake; 2 Van Stuivenberg's **NL Ch Jaeva Beyond A**

Doubt, this girl looked lovely standing with her short tail and correct outline, not the confidence of the winner and not quite as good in front action, although a lovely length of neck, excellent behind, OK head with dark eye and really good big teeth, in good but short coat of correct texture. With confidence would look twice as good.

VB (2) 1 Hurrion's Ch Valentine Cherry Crumble, these two oldies both loved it. This one won on her extra good type, lovely head, short back and legs, could out move a lot of the younger ones even at 12 years old. In lovely coat, quite a legend in the breed. Not many hold their looks and enjoy it so much as this girl, **BV; 2 Macartney's Nordalset Little Bit Of Sun for Ivrig**, attractive bitch who held her topline and superb tail so correctly carried, has better bone and substance than some much younger, correct for length of neck, beautiful dark eye and in great coat, so loving her time in the spotlight.

Judging Norfolks is always a pleasure for me, my interest goes back some 50 years, so to be invited to judge this show was very special. The breed is fortunate to have some clever breeders and also several young handlers. The show was well attended and my thanks to you all for coming. It was good to see that the breed has never resorted to stacking and they are allowed to show off their unique character, which is why this is a breed best judged moving, as well as standing. Overall I found type was very consistent, as was size. Temperament of course was very good. I think it's fair to say the breed is in good hands. Thanks to everyone for a most enjoyable day.

SBD (5) 1 Simpson's **Brickin Wish Me Luck at Megalex**, rich red of a nice size. Very sound, best head and expression in this class. Very good in front with good bone. Moved so well and in profile too, **BSpBeg**; 2 Nash's **Ralph of House Nash**, b&t and in the most wonderful condition. He must be walked miles and so nice to see. Excellent coat texture, good neck and shoulder, excellent top and tailset. His head is balanced with nice small ears; 3 Hadfield's **Belleville Born To Be Free**; Res Mitchell's **Jaeva Wolf Whistle**; VHC Walker's **Hedgefield Brucey Baby**.

MPD (3) Never an easy class.

1 Gee's **Watercroft Brief Encounter**, very promising puppy, lovely head and dark eye, very good expression. Took a while to settle. I preferred his size to 2nd. Needs a bit of work on his coat but that will come; 2 Jenkins' **Kinsridge Tip Off**, very different to winner. 8 months old and top size. Not as compact as 1, really nicely balanced head with small ears. Good topline, in very good coat, as we have come to expect from this exhibitor; 3 Mullan & McFaddon's **Watercroft Pop Muzik at Tamoden**.

PD (2-1) 1 Gee's **Watercroft Calling Card**, rich red dog and very nice type. Good amount of neck, excellent topline and tailset. I liked his head and expression, neat ears which he uses. Presented really well and looks good moving and in profile, **BPD**.

JD (4-1) 1 Smith's **Javidel Mayde To Order**, red dog of nice size. Very typy in head and expression, straight front with good bone. Best neck and shoulder in the class, good topline and well ribbed. To be critical would like him a touch shorter coupled. Showed so well and presented in good order; 2 Simpson's **Brickin Wish Me Luck at Megalex**; 3 Newton's **Strathinver Time To Star**.

YD (2) 1 Gee's **Watercroft To Coin A Phrase**, rich red dog with the most lovely head and expression, nice dark eye and nice small ears. His front is good, good neck and shoulders, excellent topline, hardest of coats and well presented, **RCC**; 2 Hadfield's **Belleville Born To Be Free**, also red, like my winner had a very pleasing head and expression. Not in his best coat yet and so looked longer in back, he is also sound and free moving.

PGD (4-1) 1 Nash's **Ralph of House Nash**; 2 Mitchell's **Jaeva Wolf Whistle**, OK for size, good neck and shoulder, his topline is good. Head is balanced, ears could be a little smaller. Moved well in profile, but a little loose in front; 3 Walker's **Hedgefield Brucey Baby**.

LD (5-2) 1 Thompson-Morgan's **Belleville Crumble Topping**, red dog, very masculine in type. I liked his head very much, he has the right amount of neck and is well ribbed with an excellent topline and tailset. Moved with reach and drive. Very well presented and in super coat, **DCC**; 2 Newton's **Strathinver Star Of Fortune**, smaller type and could be a little

more masculine. Good neck, excellent topline. His head is well balanced. Nice to go over on the table but gave his handler a hard time on the move; 3 Walker's **Roxypark Springtime**.

OD (1) 1 Smith's **Javidel Despicable May**, smart moving red dog, wouldn't want him any larger but having said that he is ok for size and type. So nice to go over, his neck and shoulders are good, as is his front standing and with good bone. He was in excellent coat. His head is balanced and has a dark eye, could have used his ears for better expression.

ChD (Champion Dog)(1) 1 Thompson-Morgan's **Ch Belleville Major Key**, very good moving dog. He is sound coming and going, his head is balanced and an excellent mouth. Straight in front with good bone, neck and shoulders good, as is his topline. To be critical would like him a touch lower to ground.

VD (0)

SBB (2-1) 1 Nash's **Tiggy of House Nash**, b&t bitch, very feminine in head and expression, with excellent mouth. Her front is good both standing and moving, excellent coat and body condition, smart mover.

MPB (7-2) 1 Jenkins' **Kinsridge Tip Toes**, very smart moving puppy, plenty of reach and drive. Holds herself well and her outline is good. Was in good coat and presentation, sound coming and going, sure to be a star of the future, **BPIS**; 2 Gee's **Watercroft Stolen Moment**, hard decision between these two. She was just 6 months old and did so well. Very similar in type to the winner, not quite as short coupled but it was very close. I liked her a lot and another we will hear more of; 3 Thompson-Morgan's **Belleville L'il Black Number**; Res Stevenson's **Belleville No Black at Brickin**; VHC Gee's **Watercroft Band Of Gold**.

PB (4-2) 1 Gee's **Watercroft Bit Of Crumpet**, puppy with the most lovely head and expression. Strong foreface with excellent mouth. Good reach of neck, excellent topline, would just like her a little shorter in loin; 2 Cherry's **Shanandi Little Red Dress**, very different in type to the winner, very feminine in head, one of the best mouths on the day with nice big teeth. Not in good coat which didn't help her outline, but she was fine when she came into the class, but then gave her handler a hard time and didn't move well at all.

JB (4-1) 1 Stevenson's **Brickin Made By Design**, really nice young bitch of 13 months. Moves out so well, head is typical with nice dark eye, strong muzzle and excellent mouth. Her front is straight, she was in good coat. I'm sure we will hear more of her, **RCC**; 2 Phillips' **Jaeva Peppermint**, b&t and quite lovely standing and you can see a good outline. She was in good coat and well presented. Good reach of neck, excellent topline and tailset. Sound in front but a bit close behind and not as settled moving in profile as the winner; 3 Smith's **Javidel Mayde To Measure**.

YB (0)

PGB (4-1) 1 Darnell's **Jacquidon Rags To Riches**, red bitch and I liked her overall balance and type, and which she held on the move. She is short and compact, moves true both ways, I liked her head and expression, good front and bone, well handled; 2 Thompson-Morgan's **Belleville Back To Black**, b&t, and a very shapely bitch. Standing she presents a very nice picture with good reach of neck, a good topline and tailset and shown in great coat. She wasn't as good in shoulder as the winner and moving in profile, lifting her front rather than a reaching movement; 3 Phillip's **Jaeva Peppermint**.

LB (2-1) 1 Gee's **Watercroft Pop Picker**, rich red, very typical in many ways. Good neck and shoulder, excellent topline and she has a good front. Just carrying a little too much weight, well handled.

OB (2) 1 Gee's **Ch Watercroft Gold Dust**, red bitch of nice size and type, I liked her head for its balance and expression. Right amount of neck for her size, she is sound and her topline is good. Well bodied and holds herself well on the move. Full of class and makes the most of herself; 2 Thompson-Morgan's **Belleville In The Black**, b&t, nice type also, really moves out in profile and is eye-catching. Bit more neck than the winner but would like her a little shorter coupled. Head is also nicely balanced with small ears, but her eye is a little larger and it spoils her expression.

ChB (Champion Bitch) (1) 1 Gee's **Ch Watercroft Pink Fizz**, my second in the Group at Richmond and obviously I like her a lot, but against her own breed it can be very different. On the table she is a joy to go over, she short and compact, her front is dead straight. Her head is balanced and with a strong muzzle, so important in this breed. After a hiccup she moved

out well with reach and drive. A lovely bitch, she has so much class. **CC** and **BIS**.

VB (2-1) 1 Smith's **Ch Javidel Definitely Maybe**, very smart moving b&t. Very feminine, good neck and shoulder, topline is good as was tailset. Her coat texture is good and in profile really moves out.

**Midland Counties Norfolk Terrier Association
Special Classes**

3rd November 2019

Judge: Mrs Jane Eyeington

I would like to thank the committee for their kind invitation to judge the special classes at the Championship Show. I was delighted with the high quality of the dogs before me, and it went right down the line. So, a huge thank you to the exhibitors for the pleasure of your super dogs.

JD/B (8-2) 1 Gee's **Watercroft To Coin A Phrase**, smart and confident 16 month old red dog, so well balanced in outline and such a character. Full of breed type and showing well for his young handler. He has a well proportioned head, lovely dark oval eye giving a keen and alert expression with a hint of mischief. Good length to his strong neck, flowing seamlessly into a firm level topline. Well sprung ribs with good depth. Hindquarters having a well bent stifle, which he used to good effect on the move, showing to be true and driving in his action. Shown with a good harsh coat. Delighted to watch him take the RDCC at the championship show afterwards; 2 Gee's **Watercroft Bit Of Crumpet**, cracking outline to this 11 month old red bitch, being compact and low, but with a hint of feminine elegance. Showing her socks off, and so attentive to her handler. Most feminine of heads, well proportioned, with strength to the foreface, width of backskull, and a kind dark eye. Holding her level topline both stood and on the move. Well boned limbs onto nicely rounded feet. Good spring to the ribs for her age. Well presented in a harsh jacket. Moving out with correct footfall; 3 Thompson-Morgan's **Belleville L'il Black Number**.

OD/B (7-1) 1 Thompson-Morgan's **Belleville Crumble Topping**, an impressive outline on this 22 month old red dog, looking an absolute picture on the stack. Built on a slightly larger frame, sound, balanced throughout, and all male. He has such a

presence about him, with a 'look at me' attitude. He is compact in the body with plenty of substance. Handsome head, well balanced in its proportions, kind dark oval eye. Clean straight front with well boned limbs, super depth and ribbing, short coupled with strong hindquarters. A pleasure to watch on the move, so true in his action whilst holding his outline. Again, delighted to see him win the DCC in the championship held afterwards – Congratulations; 2 Thompson-Morgan's **Belleville Back To Black**, appealing 2 year old b&t bitch, loved her cheeky and up for anything attitude. She has a lovely compact outline when stood. Such a feminine head, but with good strength to the foreface, well placed ears and her dark eyes, all giving alert and keen expression. She has pleasing depth to the ribcage and development of forechest. Nicely boned straight fore legs and neat feet. Firm level topline with strong hindquarters and short hocks. She has real power to her movement, covering the ground with strong driving action. Presented in good coat and condition; 3 Smith's **Javidel Despicable May**, really liked this red dog, but he decided to be a bit of a muppet for his handler!

It was a pleasure to go over some high quality dogs and there was a good atmosphere, all around. My stewards did a wonderful job efficiently, the show ran like clockwork, thanks to the hard work of the committee and the Secretary, making it a lovely day.

MPD (1) 1 Gee's **Watercroft Brief Encounter**, good dark red, correct shaped skull and ear set good lay back of shoulder together with level top-line and good tail set, tight paws and moved well. BPD.

PD (0)

JD (2) 1 Simpson's **Brickin Wish Me Luck at Megalex**, this dog which I haven't seen a great deal of, is maturing into a very handsome dog a credit to the breed. As soon he walked into the ring he looked outstanding his outline stood out, he had been very well groomed and prepared and was shown to perfection. Good size head and shape of skull, lovely bite well spaced teeth. Excellent layback of shoulder with correct angulation into forearm, level topline and correct tailset, strong rear movement, a balanced picture going around. I had no hesitation in giving him **BD &** delighted to award him **BIS**; 2 Gee's **Watercroft Calling Card**, lovely dog has all the essential qualities, but on the day I preferred 1's overall performance.

ND (0)

SBD (4) 1 Simpson's **Brickin Wish Me Luck at Megalex**; 2 Nash's **Ralph of House Nash**, black and tan good head, and expression, not the quality of 1; 3 Hadfield's **Belleville Born To Be Free**; Res Brown's **Dajeon Dotty's Digger**.

PGD (3-2) 1 Hadfield's **Belleville Born To Be Free**, good head and expression good quarters moved well.

In good coat and condition and overall movement in the challenge won him, **RBD & RBIS**; 2 Atkinson's **Moortop My Mark Again**, again everything to like about this dog but was not as good on the move as 1; 3 Nash's **Ralph of House Nash**.

OD (1-1)

VD (0)

MPB (5-1) 1 Gee's **Watercroft Stolen Moment** NAF, loved this young puppy only 7 months old but shows great promise. Beautiful head and expression, strong neck leading to well laid shoulders and level top line, sound quarters lovely to watch on the move. Well deserved **BPIS & RBB**; 2 Phillips' **From Dash Mountain Farm's High Falue** NAF TAF, unfortunate to meet 1, good little bitch not quite 7 months very immature compared to 1 but is well balanced and sound on the move; 3 Stevenson's **Brickin Wild Flower**, another of good type 7 months in good coat well ribbed and good bone, straight tail but not as positive on the move; Res Phillips' **Blackens Up Town Girl**.

PB (1) 1 Atkinson's **Moortop Sweet Design**, 11 month old youngster sweet head and expression good all round moved happily.

JB (2) 1 Stevenson's **Brickin Made By Design**, lovely bitch beautiful head and expression great quarters well ribbed in super coat and condition, moved with drive; 2 Cherry's **Shanandi Little Red Dress**, pretty head and expression, good all round but moved a bit wide in front today.

Thank you to the committee of LKA for the invitation to judge and to my 2 stewards for their great help. Thank you to the exhibitors for giving me the opportunity to judge their dogs and the sporting way they excepted my placings. I was very pleased with the quality that was presented to me and found that in several classes places were very close calls. Mouths have very much improved since I last judged with only a couple with jumbled teeth and one reverse scissor bite. Coat and presentation was on the whole very good as this is a show that coat is usually ready to blow and decisions on what to do at this stage is hard due to Crufts on the horizon.

MPD (1) 1 Gee's **Watercroft Brief Encounter**, promising baby with head of correct proportions for his age with good width and dark eyes, well placed ears and strong mouth, good length of neck and well laid shoulders, straight in front and well angulated in rear giving free easy movement.

PD (3-1) 1 Jenkins' **Kinsridge Tip Off**, pleasing dog with masculine head with dk eyes, strong mouth and correct ear placement, good length of neck and level topline, rear quarters strong and sound but front needs to tighten a little more, coat was at its best and well presented, his overall maturity and ring presence won him **BP** today; 2 Macbean's **Earthtaw Lynmouth at Pryorvale**, good width to head with dark eyes, strong mouth and good ear set, moderate neck and good lay of shoulders, good coat texture and trim, moved well.

JD (2) 1 Gee's **Watercroft Calling Card**, lovely youngster just out of puppy, has all the attributes of a Norfolk, good length to rib, level top line and well set tail, sound in front and rear shown in excellent jacket and presentation; 2 Simpson's **Brickin Wish Me Luck at Megalex**, another nice youngster but would benefit from a little weight off causing him to look a little stuffy over his neck and shoulders, good front and rear action, well set tail, coat just

holding up.

PGD (5) 1 Smith's **Javidel Mayde To Order**, sound dog who took this class for overall type, he has a masculine head with dark eyes and good mouth, firm top line and tail set well on, moved well both ways and nice profile, shown in good coat; 2 Newton's **Strathinver Time To Star**, another sound dog with masculine head, good length and depth to rib, firm top line, moved well once settled, just preferred the overall profile of 1; 3 Walker's **Hedgefield Brucey Baby**; Res Hadfield's **Belleville Born To Be Free**; VHC Baumbach's **Wederdena's Harry Beau**.

LD (6-2) 1 Gee's **Watercroft To Coin A Phrase**, handsome dog with pleasing head with good width between his well placed ears, dark eyes and strong mouth, good neck and shoulders, firm top line with good tail set, sound in front and rear, moving well fore and aft, shown in excellent order; 2 Newton's **Strathinver Star Of Fortune**, masculine head with dark eyes and well placed ears, firm top line and well angulated rear, not quite the construction of 1, shame he misbehaved on the move; 3 Nash's **Ralph of House Nash**; Res Walker's **Roxypark Spring Time**.

OD (5-1) 1 Thompson-Morgan's **Ch Belleville Major Key**, lovely balanced dog, well proportioned with good work to head, dark eyes and well placed ears, correct length of neck and good lay of shoulder, solid boned legs and muscled quarters which he used to propel himself around the ring and gave him a great moving profile. Coat at its very best. Pleased to give him the **CC**; 2 Hurriion & Standen's **Villassa Jack Be Quick**, slightly smaller frame than 1 but balanced all through, good head and expression, well laid shoulders and firm top line. Mature in body with deep rib, good front and rear assembly giving him great reach and drive on the move which gave him the edge for the **RCC** today. Coat and presentation

excellent; 3 Smith's **Javidel Despicable May**; Res Lloyd's **Orison Ice Tee**.

VD (0)

GCD (0)

MPB (5-2) 1 Gee's **Watercroft Stolen Moment**, another very promising puppy from this kennel, only 7 months but everything I would want in a baby of this age, compact body, good head neck and shoulders, moved freely once she settled. My best puppy bitch and only pipped on overall maturity by the dog in the challenge for best puppy; 2 Phillip's **Blakens Up Town Girl**, only just 6 months and I think her first show, she took it all in her stride and showed well, sweet head with dark eyes and correct sized ears although flying a bit, which I put down to teething, correct neck and shoulder and well ribbed body, great little mover; 3 Stevenson's **Brickin Wild Flower**.

PB (4) 1 Jenkins' **Kinsridge Tip Toes**, youngster with well proportioned head with correct width, dark eyes and well placed ears, level top line and well set tail, like her brother needs to tighten a little in front but liked her overall profile and coat texture to win her this class; 2 Thompson-Morgan's **Belleville Li'l Black Number**, another promising youngster who has all to like, sweet head with good expression, sound in front and rear, correct length and depth to rib, moved well giving me a hard decision to split these two; 3 Atkinson's **Moortop Sweet Design**; Res Stevenson's **Belleville No Black at Brickin**.

JB (2) 1 Stevenson's **Brickin Made By Design**, nicely made youngster with well proportioned head, moderate neck and level top line, straight in front with well muscled quarters, moved well and shown in lovely coat; 2 Cherry's **Shanandi Little Red Dress**, only just out of puppy and still a little raw, feminine head and expression with dark eyes and neat ears, moderate neck and good lay of shoulders, but a little fine in bone at this stage and lacking furnishings which can only be helped with maturity, moved well.

PGB (3) 1 Darnell's **Jacquidon Rags To Riches**, nicely put together, head with dark eyes, good width of skull and well set ears, level top line with a good set tail, moved well; 2 Nash's **Tiggy of House Nash**, sweet head, well laid shoulder, would have preferred

a better top line, front and rear ok, moved well; 3 Macbean's **Pryorvale Bow Belle**.

LB (3) 1 Phillips' **Blakens Party Planner**, bitch of lovely type size and quality, feminine head with sweetest of expressions, correct neck and shoulders, compact and well boned, well sprung rib and excellent coat. Moved so sound showing great extension and drive **RCC**; 2 Thompson-Morgan's **Belleville Back To Black**, lovely head and expression with correct proportions, nice neck and shoulders, short back and good spring of rib, moved out with ease; 3 Darnell's **Jacquidon Nip And Tuck**.

OB (3) What a lovely trio these girls made so nice to have a whole class full of quality.

1 Gee's **Ch Watercroft Pink Fizz**, loved everything about this little lady, everything in good order, super head with true expression, compact and well balanced, sound in front and rear standing well on her toes and commanding the ring from the start, moved with purpose and showed her socks off in the challenge, pleased to award her the **CC & BOB**; 2 Thompson-Morgan's **Belleville In The Black**, another quality well balanced bitch, nice head with width of skull, dark eyes and well placed ears, short back and good tail placement, shown in excellent condition, standing square and moving with ease; 3 Gee's **Ch Watercroft Gold Dust**.

VB (1) 1 Hurrion's **Ch Valentines Cherry Crumble**, what a joy to see a veteran at 12 yrs old enjoying every minute, I can see why she gained her title, good work to the head with moderate neck and good lay of shoulders, well sprung rib of correct length and depth, carrying a little weight as I would expect from a lady of her age but it didn't effect her movement one bit. Shown in good jacket, **BV**.
